

Kingsley Kie

Front-end Developer | IT Developer

Jakarta, Indonesia | P: +62 882-7916-9285 | kingsleykie12@gmail.com | linkedin.com/in/kingsley-kie

SUMMARY

Computer Science student at Bina Nusantara University with a solid foundation in software engineering, web development, and system design. Experienced in building web-based projects, designing user interfaces, and leading team operations for large-scale events. Motivated to contribute technical skills and structured problem-solving to dynamic technology teams.

EDUCATION

Bina Nusantara University

Jakarta, Indonesia

Bachelor of Computer Science

2024 - Present

Current GPA: 3.53 / 4.00

Relevant Coursework: Software Engineering, Human-Computer Interaction, Object-Oriented Programming, Program Design Methods, Database Technology, Artificial Intelligence

PROJECTS

CyberLearn | *Figma, UI/UX Design, System Architecture*

Mar 2026 - Jun 2026

- Designed high-fidelity UI/UX interfaces and interactive wireframes for a gamified cybersecurity learning platform inspired by Duolingo.
- Collaborated in a team of 4 members to structure system design components and ensure smooth developer handoff.

Mr. Coffee | *HTML, CSS, JavaScript*

May 2025 - Jun 2025

- Built a 5-page responsive coffee shop web application using HTML, CSS, and JavaScript.
- Designed interactive user features, including a featured menu display, owner profile section, contact integration, and a custom ordering interface.

CatchFit | *Figma, UI/UX Design*

Mar 2025 - Jun 2025

- Designed interactive prototypes for a gamified health and fitness mobile application in Figma.
- Collaborated in a team of 5 members to conduct user research and refine application design consistency.

ORGANIZATIONAL EXPERIENCE

Keluarga Mahasiswa Buddhis Dhammavaddhana (KMBD)

Jakarta, Indonesia

Logistics Division Coordinator - *Waisak Puja 2570 B.E./2026 x HUT KMBD XXXVII*

Feb 2026 - Jul 2026

- Led a team of 6 members to coordinate equipment, venue setup, and room reservations for a major event with 200+ attendees.
- Delegated tasks and set clear project timelines to ensure all operational deliverables were completed on schedule.
- Arranged transportation logistics and technical equipment setups for pre-event rehearsals.
- Managed equipment inventory and conducted post-event inspections to ensure zero loss or damage to borrowed assets.

Logistics Division Staff - *DV SOS 2025*

Aug 2025 - Nov 2025

- Sourced and prepared required event supplies and managed meal distribution for 30+ participants.
- Supported venue setup and technical equipment preparation prior to the event.

Logistics Division Staff - *Waisak Puja 2569 B.E./2025 x HUT KMBD XXXVI*

Feb 2025 - Jul 2025

- Coordinated cross-divisional needs to source, transport, and set up technical equipment for the event.
- Managed consumption supply logistics for over 300+ participants and guests efficiently.

TECHNICAL & SOFT SKILLS

Programming Languages: HTML5, CSS, JavaScript, C, Python, SQL

Frameworks: React

Tools: VS Code, Figma, Cisco, Vercel, Canva, Microsoft Office, Git, GitHub

Languages: Indonesian (Native), English (Intermediate), Mandarin (Intermediate)
